REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Applicant's argument, filed September 03, 2004, directed to the 35 U.S.C. §112, first paragraph, lack of enablement rejection has been found to be persuasive. Therefore, said rejection has been withdrawn. Further, claims 15-17, 19-21, and 35-84, renumbered as 1-56, respectively, are allowable because the limitation of a crystallized acyl carrier protein synthase (ACPS) as defined by the specified cell parameters and crystal structure coordinates is free of any prior art.
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
